Big SIR Report Sir Dave Inman

Well, things are starting to get back to normal, a little at a time. I hope your life is good and getting better each day! My wife, brother, a friend, and I went bowling for the first time in a long time in Napa on June 23. It is nice to be able to go out with friends and have a good time out of the house. I think it is a good idea to try and talk to other members of SIRS, just to see how they are doing. It sure makes me feel good.

Little SIR Report Sir Jerry Pozo

Morning Brothers, since we are still somewhat restricted in what we can do, I am always looking for things I haven't done or renewing something I did in the past, that brings me joy. While flipping through the pages of History of Petaluma – A California River Town, I paused to review the 2 page, an 1871 overview of Petaluma. Suddenly it seems to come alive with two locomotives seemingly ready to collide, the Petaluma-Haystack Railroad shuttles from town to Haystack Landing, steamers and sailing ships inhabit the river, the tall buildings being the American Hotel and Phoenix block on Main St, Oak Hill Cemetery, an empty Walnut Park just 2 years from creation, my character John A. McNear's home at 4th and D Street, and Captain Bayliss's Warehouse at B street (part of the Great Petaluma Mill today), just to name a few.

Sunshine Report Sir Len Svinth

It is a real sad situation that we all are facing. I mean that we are not able to get together once a month at our SIRS 58 lunch time. It does not look like we might be able to see our friends soon. The getting out to be part of a group means more to me as I get older (make that more mature). The same situation is regarding our church. The church that I attend does have services via the computer (Zoom), But we are not really a part of the action so to speak. As time goes on my activities have been reduced (Might be age?) One of my family members gave me a gift to let me know that I have changed. I would like to show it to you but will try to describe it the best I can
